SPORTS EQUITY MONITORING

While it is not compulsory for these sections to be completed, it is important. Sport can and does play a major role in promoting the inclusion of all age groups in society. However inequalities have traditionally existed within sport, particularly in relation to gender, race and disability. Sport England is committed to promoting and developing sports equity, which is about fairness in sport, equality of access, recognising inequalities and taking steps to address them. By monitoring the profile of young people in sports clubs, national governing bodies of sport and Sport England can identify and issues relating to under-representation of different groups and can together develop strategies to ensure all young people have an opportunity in the future development and progress in sport.

ETHNICITY

In order to help the club monitor its membership can you please indicate one of the following options to identify your child's ethnic group/origin using an X
